Production Agreement

1. I have reviewed FBID comments pertaining to the draft of a proposed agreement for printing the FBIS Daily Reports. Since the comments are acceptable and present no particular problem, I have drawn up the agreement for your signature. It is forwarded herewith as an attachment.

2. We are pleased with the progress and operation of the new system and believe that both FBID and PSD can attain their respective goals within the limits of the agreement. We are anxious to support your operations in the best possible way and I hope you will bring any future problems to my attention.
